Currently, 28 Neko Majins have been discovered in the entire world. Their origins are not known but most live quietly and happily in the countryside.
A Neko Majin is a cat like creature who can use a bit of magic.
シッポにぎっても平気さ!!
(わかる人にしかわからんっちゅうの!!)
"Squeezing my tail does nothing!!"(Those who know,will understand.)
This story's hero, a Neko Majin named "Z", follows that trend and is said to be strong...
Their magic is usually not very impressive, most are actually better skilled in the martial arts....

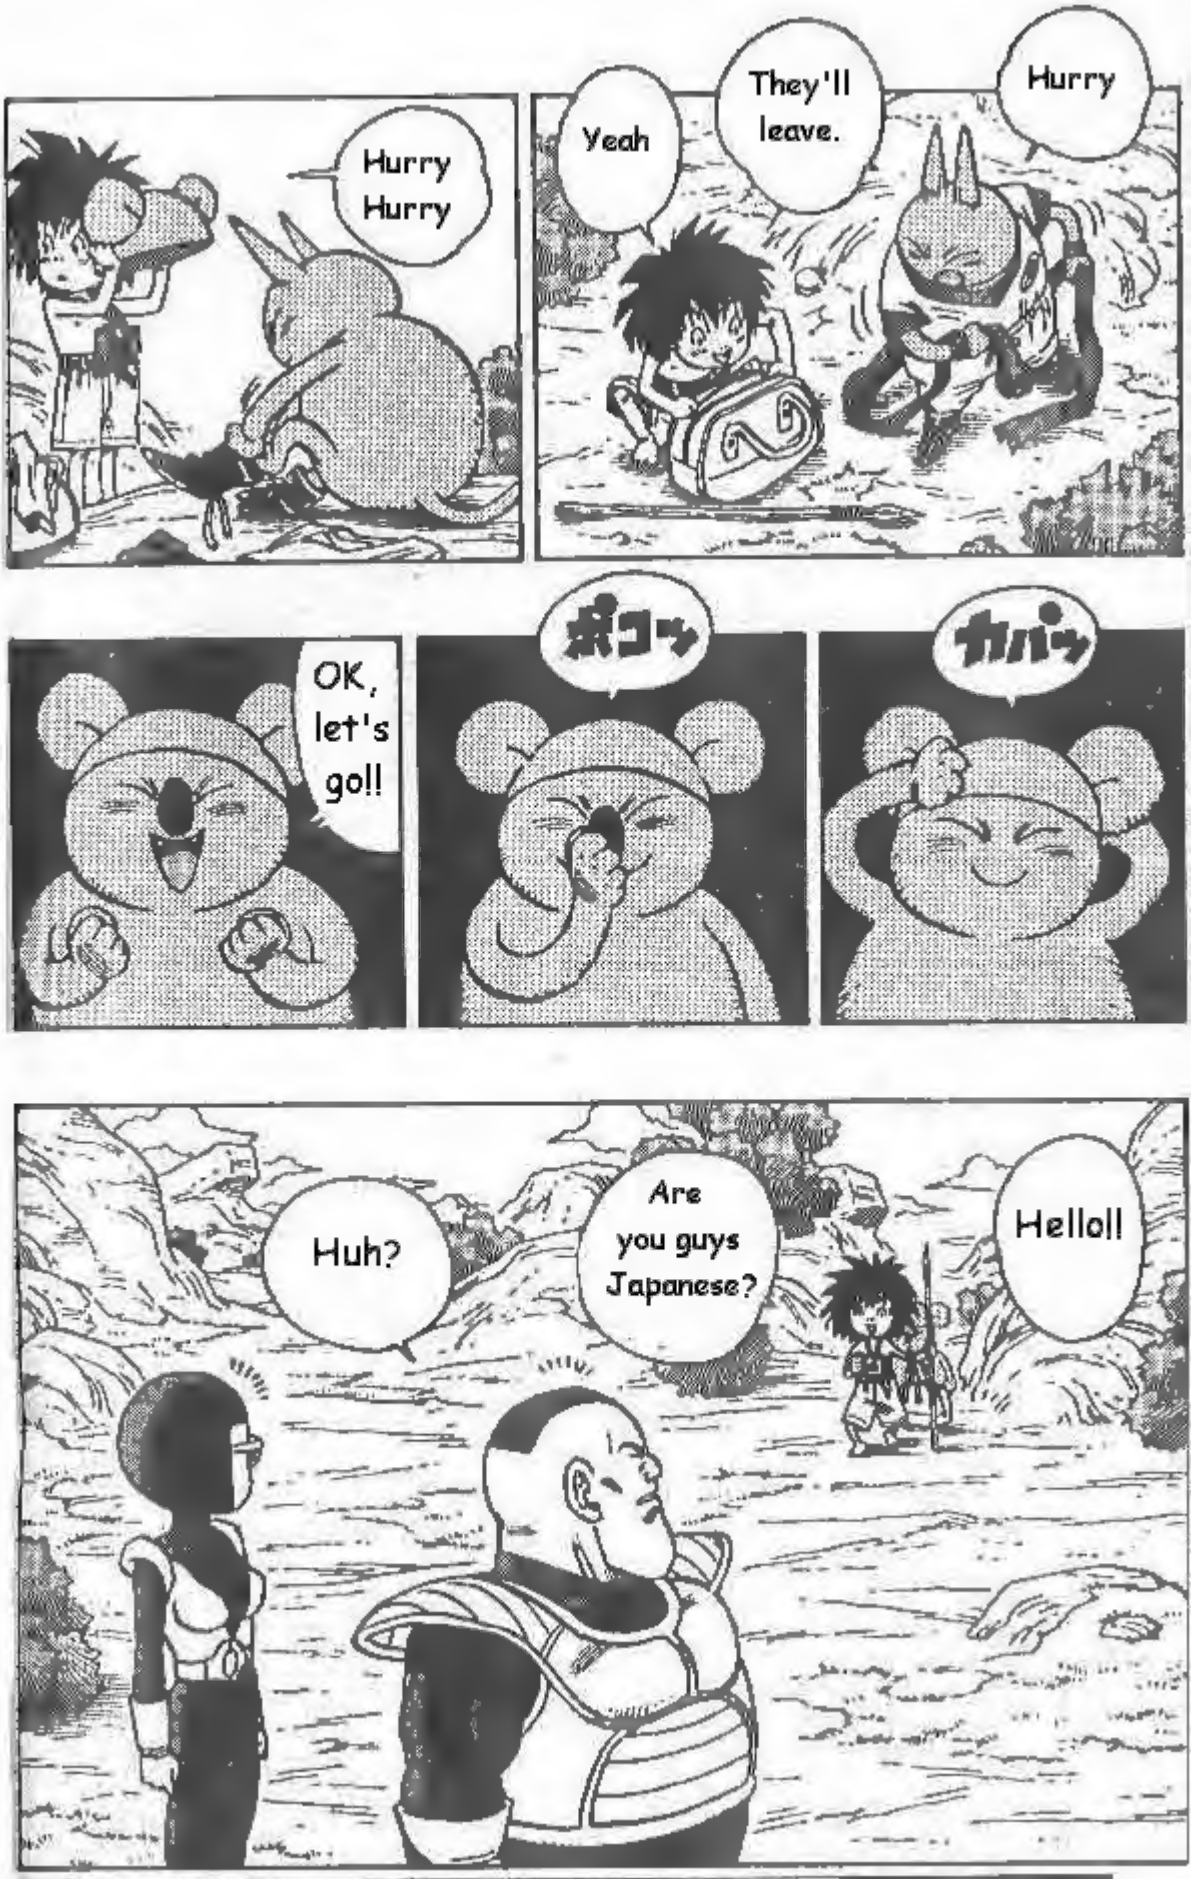
It's wonderful, Lord Onio. I can't believe you found something so great way out here.
I'm thinking of making this planet our summer home.
What do you think, Honey?
No, you have to leave some slaves for me.
Oh yeah, I forgot. Hahaha!!
It will take even me over a month to kill all of them without damaging the planet too much.
Yeah, over 5 billion of them.
But there are humans, right? That's a pain.
Good, we can make some money.
Look, they are tourists.



Hurry Hurry
Yeah
They'll leave.
Hurry
OK, let's go!!

Is there something good about getting a picture?
...Huh?
Hehe
Sure, that's $16
OK, we'll do it.
Yeah, I like to show off.
Then maybe we should get one.
Exactly, Koalas are rare here.
We don't do much writing.
What's "ruby"?
How about this ruby paperweight?
What? But you're tourists.
What's that, money? We don't have any.
Any valuables?

Hey, I'm young, call me "lady."
